Repair Capability List by NSN

CAP List Sept_2010 IN-ACTIVE

NSN	Nomenclature (1561)	P/N	Alternate P/N	A/C	SOR AWD
Items on the "In-Active" capabilities list, as well as items in the same "Families" as those on the active or inactive list, will require research; a current publication and possibly support equipment provided by the customer, and up to 45 days lead time to re-establish capability, please contact NSI MRO/Logistics for further information.
